Include your IPO Chart with your code in Eclipse IDE: We will discuss and demonstrate this in the computer lab.

IPO CHART

Program name:	Java CH5 Exercise 5	
INPUT	PROCESS	OUTPUT
Hint: What will the user input?	Hint: What is the program going to do with the input information?	Hint: What will the screen display after user input?
The application prompts the user for a positive integer.	The application will calculate which numbers fill each digits place.	The program will display each digit on a different line from the greatest to the least. So hundreds would be on top of tens and ones.
